sessions at the farm

These are my very favourite sessions! The farm, located in Bagshot about 20 minutes from Bendigo, is a wonderful location for a photo session. They say you should never work with children and animals however it's my favourite combination. It's so much fun for the children and such an exciting experience. You will receive gorgeous photos of your children and family and your children will have the most amazing time. There are many farm animals to choose from including ponies, lambs, rabbits, ducklings, kittens, pigs, alpacas and even real unicorns! Together we will decide which animals would work best for your children. Susan, who works with the animals is fantastic and she is with us at all times for safety reasons and to pose the animals.
