

Lollypop Photography is all about creative, whimsical and natural children and family portraits. Photo sessions are relaxed with props to encourage imagination and play. Emphasis is on capturing cheeky smiles and natural expressions, the ones you know and love. The connections between families is immediately evident in each photo.

Families are encouraged to just be themselves and interact with their children.

Lollypop photography is based in Bendigo and will travel all over!

mini sessions

A half hour session which includes 15-20 high resolution digital images supplied on USB ready for you to print and share for \$395.

Sometimes a short session is all you need! Mini sessions are perfect for updating your family photos and capturing those changes that happen so quickly. Mini sessions are ideal for a small family or just the children.

Outdoor mini sessions are available all year round in Bendigo. There will also be specific dates available for Melbourne, Swan Hill, St Arnaud, Ballarat, Shepparton and Macedon. Other areas available on request.

christmas mini sessions

For the month of November christmas mini sessions are held in the studio with a creative themed set. Clients use their images to create unique and individual christmas cards, decorations, etc.

sessions at the farm

A 2 hour session which includes 35-40 high resolution digital images supplied on USB ready for you to print and share for \$1195.

Also includes a timber presentation box to hold your usb plus 6x4" profession prints of your images from the session.

Includes animal hire and a professional animal trainer present throughout the session.

These are my very favourite sessions! The farm, located in Bagshot about 20 minutes from Bendigo, is a wonderful location for a photo session. They say you should never work with children and animals however it's my favourite combination. It's so much fun for the children and such an exciting experience. You will receive gorgeous photos of your children and family and your children will have the most amazing time. There are many farm animals to choose from including ponies, lambs, rabbits, ducklings, kittens, pigs, alpacas and even real unicorns! Together we will decide which animals would work best for your children. Susan, who works with the animals is fantastic and she is with us at all times for safety reasons and to pose the animals.

To make a booking please contact Alison on 0419 429 586 or email info@lollypopphotography.com.au
